SUPPLEMENTAL/BID BULLETIN

ADDENDUM No. 1

This addendum No. 1 is issued to modify or amend items in the Bid Documents. This shall form an integral part of the Bidding Documents for the procurement of ONE (1) LOT REPAIR AND RENOVATION OF LOOM WEAVING BUILDING AT THE PTRI TECHNOLOGY CENTER.

A. Technical Components:

1. Page 78 of Bidding Documents. Says of cost for KD S4S window frame. We suggest to instead use smooth concrete as window frame. In page 79 of Bidding Documents. Painting works, it costs for painting of wooden window frames. We suggest that the total cost of wooden frames and their paints be converted to window metal grills as jalousies without grills are not secured against theft. The building will house the reeling equipment and accessories.
2. All wooden doors are suggested to use lever-type door knobs instead of the cylinder type (metal frame for doors).
3. Provision plumbing for the water system of Phase 2 and of drainage channel from the boiler room.
4. Use of LED lamps or tubes.
5. Wooden doors are panel type not flush doors.

B. Additional Requirement:

Winning Contractor to submit - As Built Plan (Blue Print) upon completion of the Project.

For guidance and information of all concerned.

CORAZON I. TAPULGO
BAC Chairperson
